

FLAG FOOTBALL FIELD MARKINGS - MINIMUM

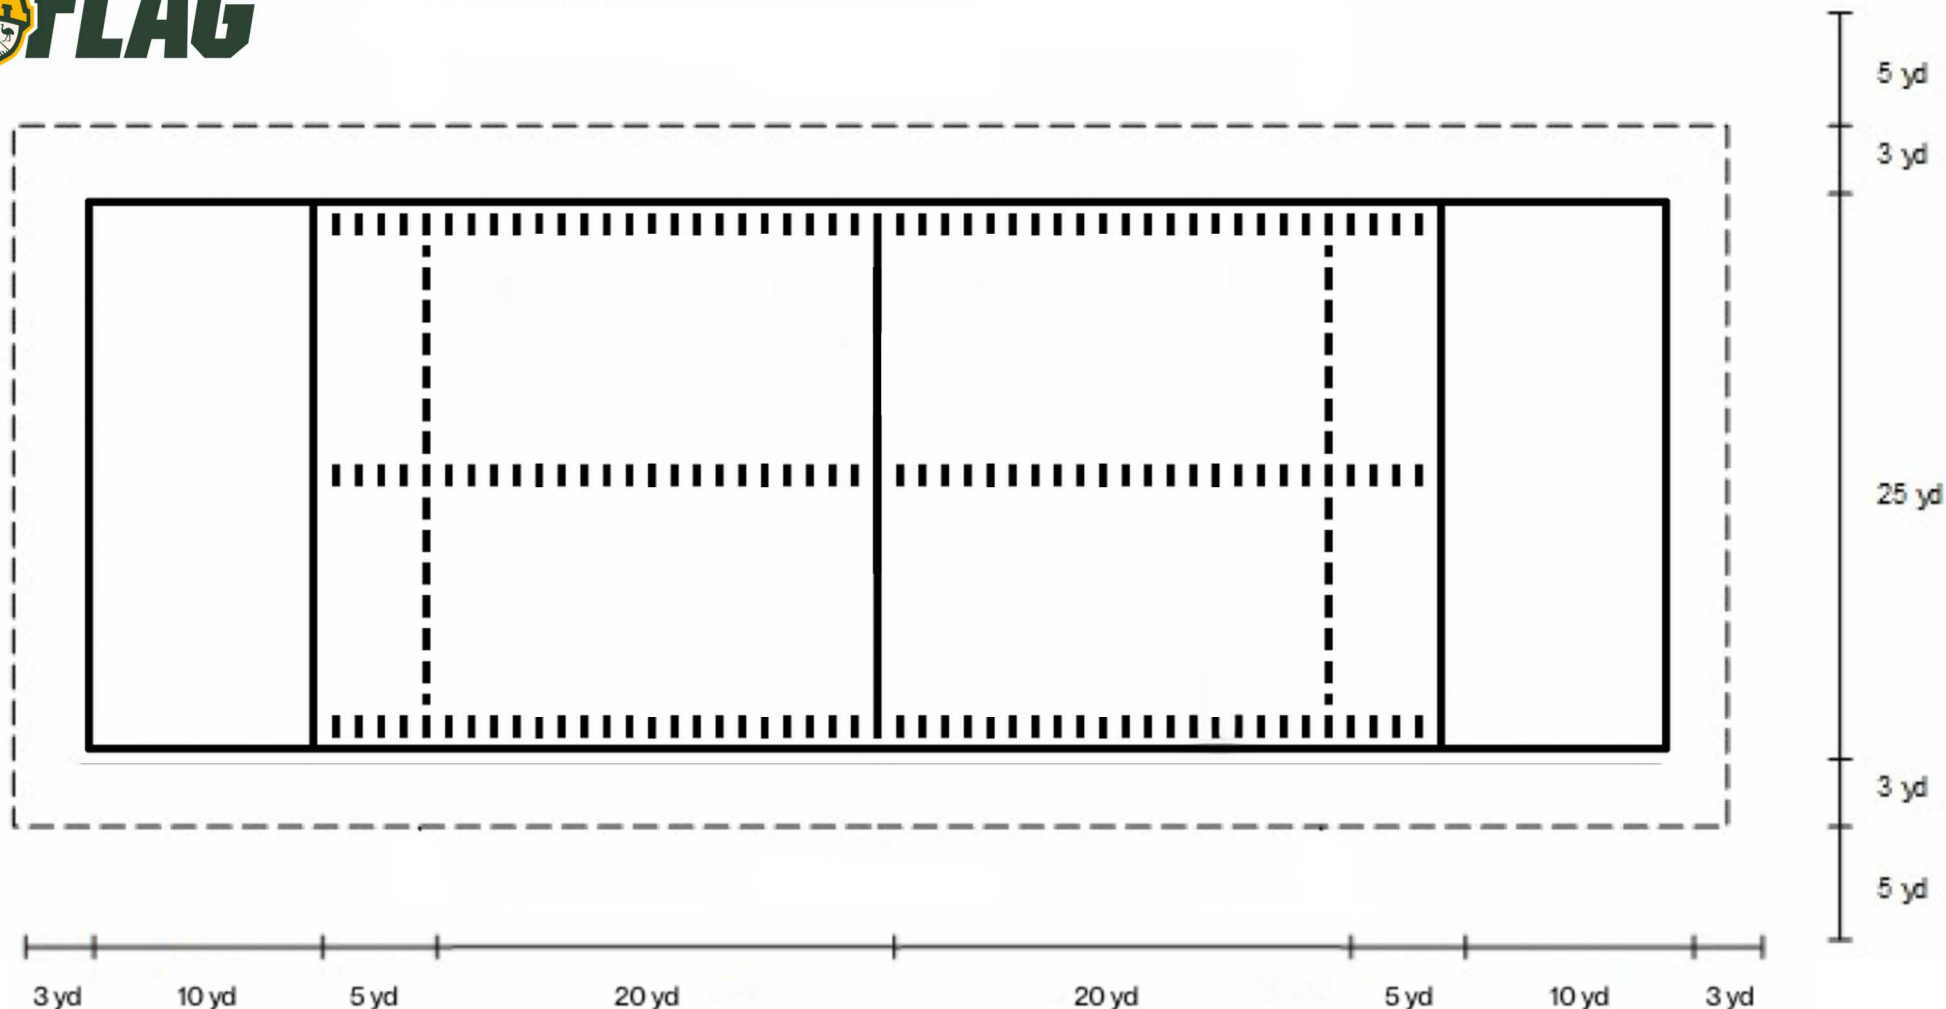

Total required space for one field including safety area: 76 yd (69,55 m) x 31 yd (28,40 m).

- Field of play: length 50 yd (45,75 m), additional end zones 10 yd (9,15 m), width 25 yd (22,90 m).
- Width of lines: 4 inches (10 cm). If no lines are used, outline can be marked with cones.**
- The 1 and 2-point try marks shall be 1 yd (0,90 m) long and the mid-points shall be 5 yd (4,57 m) and accordingly 10 yd (9,15 m) respectively from the middle of the goal lines.
- The no-running zones shall be marked with disc markers at the side line and/or with a dashed line.
- **Pylons or disk markers shall be placed at the 8 intersections of the side lines with the goal lines and end lines. Disk markers may be placed at the intersections of the side lines with the middle line and at the intersection of the longitudinal axis of the field with the safety area.
- The safety area shall be 3 yd (2,75 m) outside the side lines and end lines, and needs to be on same level as the field of play and in the same condition. The safety area need not be marked but shall be observed by all participants.
- If two fields are next to each other the minimum distance between them is 6 yd (5,50 m) without team areas.

FLAG FOOTBALL FIELD MARKINGS - BASIC OPTION

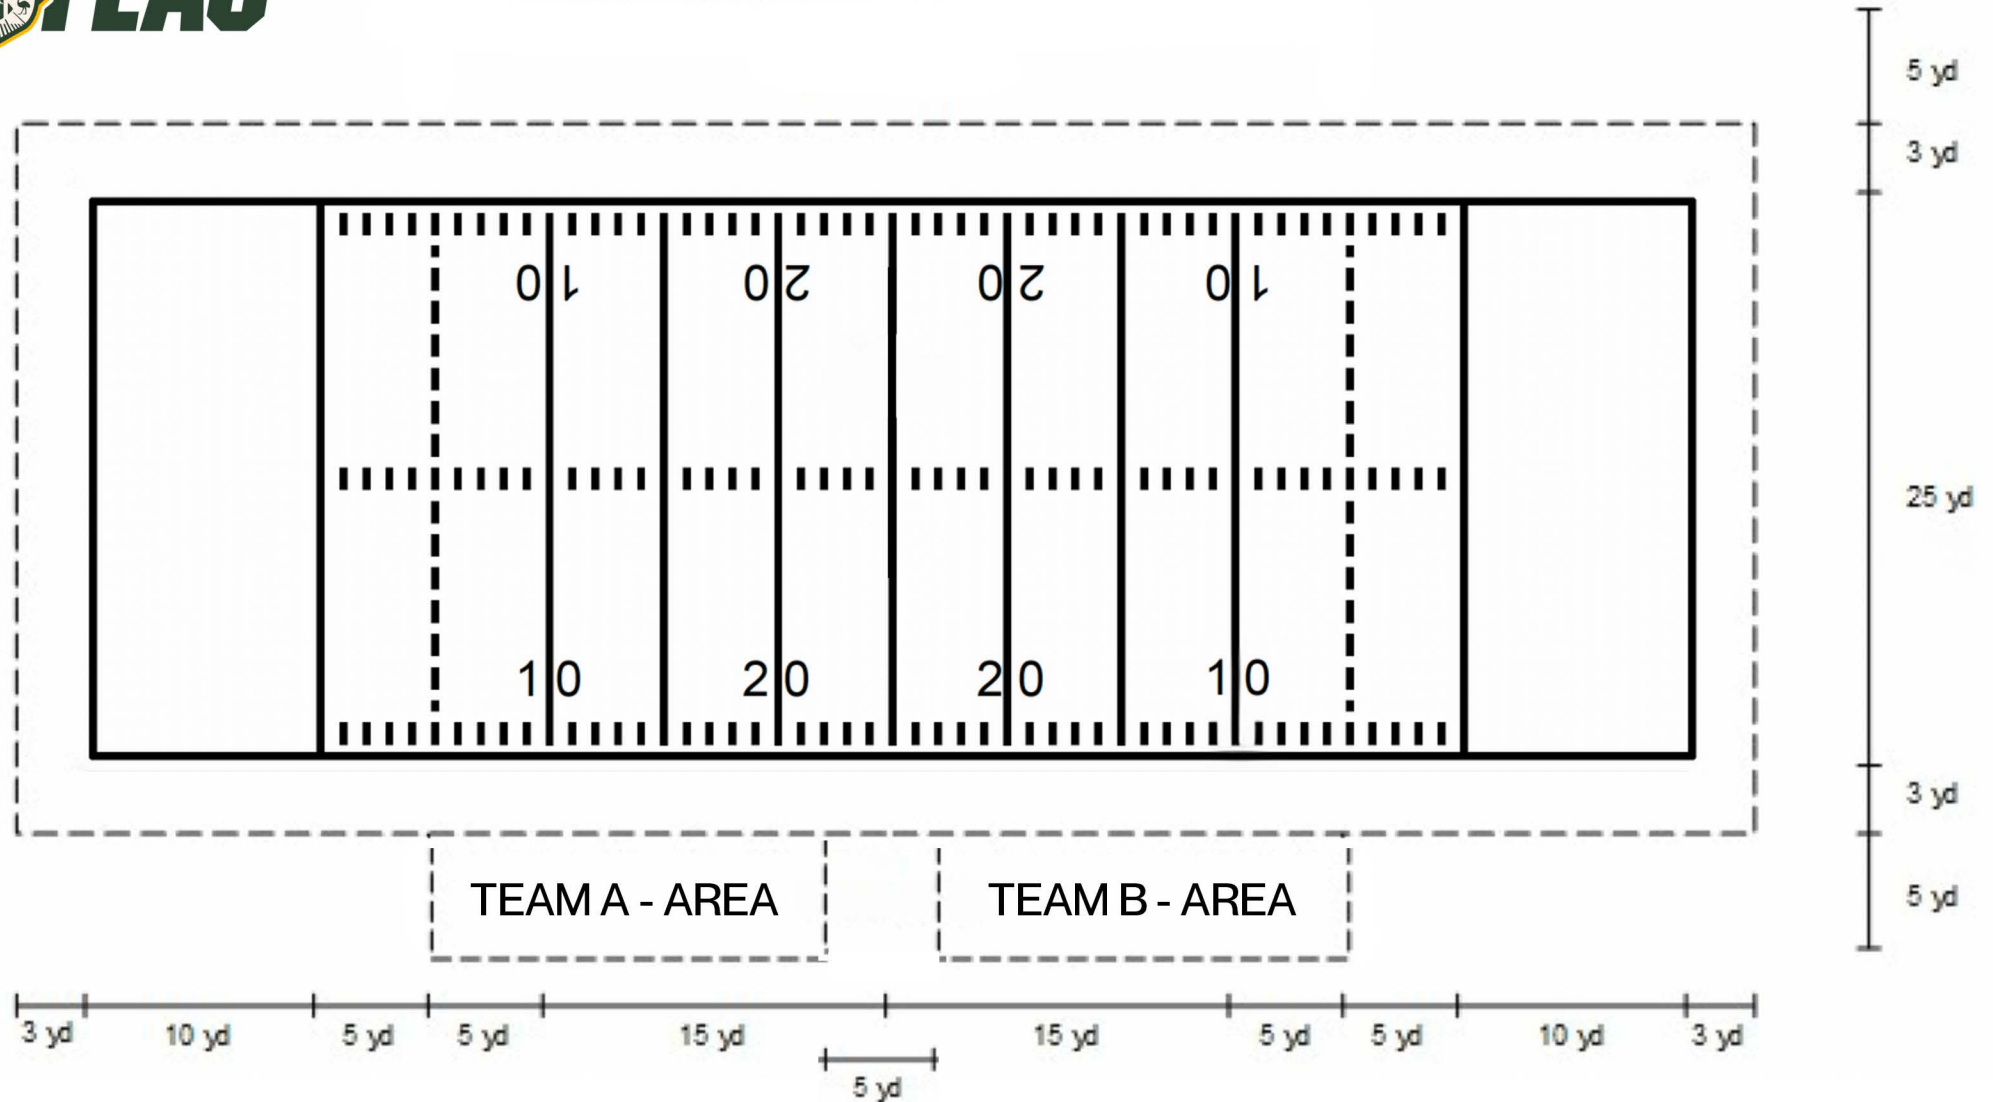

Total required space for one field including safety area: 76 yd (69,55 m) x 31 yd (28,40 m).

- Field of play: length 50 yd (45,75 m), additional end zones 10 yd (9,15 m), width 25 yd (22,90 m).
- Width of lines: 4 inches (10 cm).
- The 5-yard lines shall be marked using dashed lines of 1 yd (0,90 m) length with 0.5 yard (0,45 m) interruptions.
- Yard line extensions 1 yd (0,90 m) long at every yard line along the longitudinal axis of the field and at both side lines, 4 inches (10 cm) inside of them between the goal lines.
- The safety area shall be 3 yd (2,75 m) outside the side lines and end lines, and needs to be on same level as the field of play and in the same condition. The safety area need not be marked but shall be observed by all participants.
- If two fields are next to each other the minimum distance between them is 6 yd (5,50 m) without team areas.

FLAG FOOTBALL FIELD MARKINGS - NATIONAL COMPETITIONS

Field of play: length 50 yd (45,75 m), additional end zones 10 yd (9,15 m), width 25 yd (22,90 m).

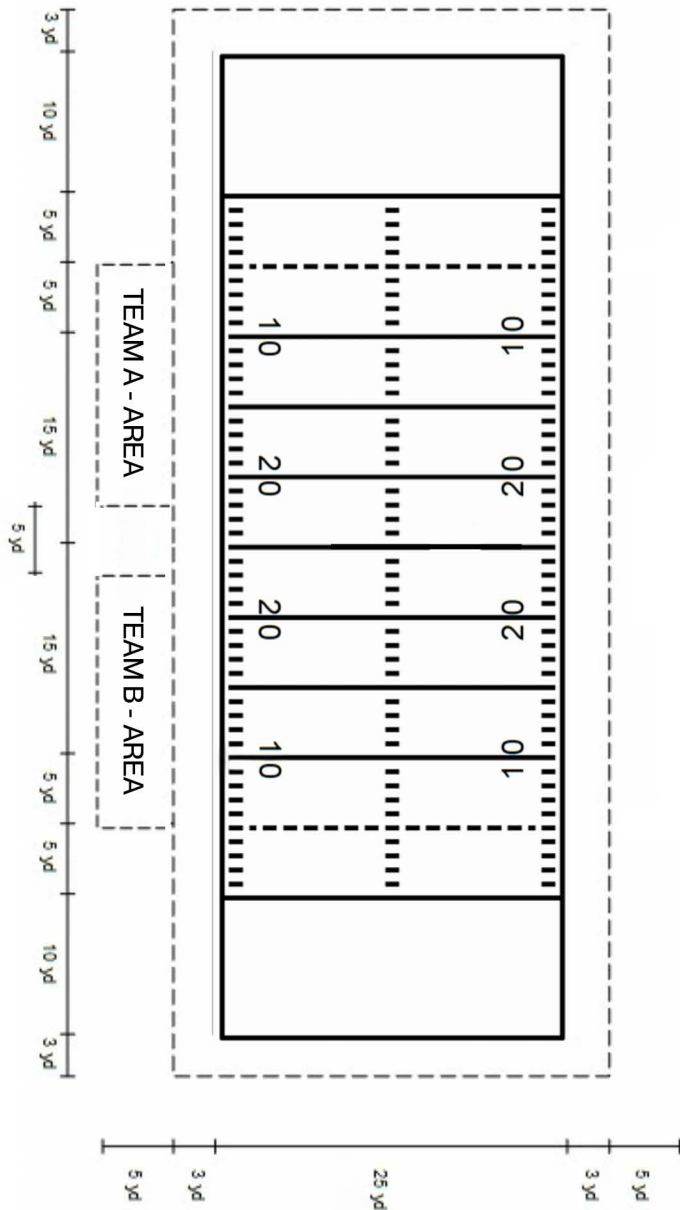

Total required space for one field including safety area: 76 yd (69,55 m) x 31 yd (28,40 m).

Width of lines: 4 inches (10 cm).

Detailed line markings continued on page 2.

FLAG FOOTBALL FIELD MARKINGS - NATIONAL COMPETITIONS

- Field of play: length 50 yd (45,75 m), additional end zones 10 yd (9,15 m), width 25 yd (22,90 m).
- Total required space for one field including safety area: 76 yd (69,55 m) x 31 yd (28,40 m).
- Width of lines: 4 inches (10 cm).
- The 1 and 2-point try marks shall be 1 yd (0,90 m) long and the mid-points shall be 5 yd (4,57 m) and accordingly 10 yd (9,15 m) respectively from the middle of the goal lines.
- Lines every 5 yards from side line to side line ending 4 inches (10 cm) inside of them.
- The 5-yard lines shall be marked using dashed lines of 1 yd (0,90 m) length with 0.5 yard (0,45 m) interruptions.
- Yard line extensions 1 yd (0,90 m) long at every yard line along the longitudinal axis of the field and at both side lines, 4 inches (10 cm) inside of them between the goal lines.
- Numbers at the 10-yard and 20-yard lines with a height of 1 yd (0,90 m) at a distance of 3 yd (2,70 m) inside each side line.
- Team areas shall be marked.
- All 10 intersections of the side lines with the middle line, goal lines and end lines shall be marked with pylons
- The safety area shall be 3 yd (2,75 m) outside the side lines and end lines, and needs to be on same level as the field of play and in the same condition. The safety area need not be marked but shall be observed by all participants.
- If two fields are next to each other the minimum distance between them is 6 yd (5,50 m) without team areas.
